Danger Forward Press Update

Forward Operating Base Danger, Tikrit, Iraq. The 1st Infantry Division and Task Force Danger continue to make a big difference in Iraq. Recent progress in the four provinces of North-Central Iraq is allowing the division to shift more of its efforts away from combat operations and place a significant amount of energy into stability and civil-military operations.

In the past two weeks, the 3rd **Brigade Combat Team (Duke) focused** on Operation Spring Clean-up. The main effort has been on the "Blue Babe Highway", a stretch of road formally known as "RPG Alley". Task Force 82 now has a firm grip on Blue **Babe Highway and has all but** eliminated IED cells and enemy. The brigade has shifted its main effort from kinetic operations to stability and support operations in order to facilitate a successful transition to Iraqi control by 30 June.

The Division Artillery (Drumfire) has had an extremely productive two weeks. 1-33 Field Artillery hauled away more than 1.5 million pounds of **Captured Enemy Ammunition (CEA)** for destruction in Dagger's area of operations. With the help of Team 5, 744 EOD Company from Fort Riley, Kansas, a total of 21,055 unexploded bomblets were also destroyed.

In Duke's area of operations, 1-33 Field Artillery has transported 2,252,000 lbs of CEA to destruction sites. DIVARTY's staggering total for all CEA destroyed or transported currently stands at more than 7 million pounds. In addition, the DIVARTY has maintained a near perfect readiness rate of the division's radars scattered throughout the area of operations.

Forward

Task Force Danger continues to prepare for the 30 June, 2004 transfer of sovereignty to the Iraqi Interim **Government.** Over the past two weeks, we have conducted several important events which will ultimately lead to Iraqi self-sufficiency.

The division's own Engineer Brigade (Devastator) continues the **Accelerated Iraqi Reconstruction** Program, perhaps our most important long term contribution to the welfare of the Iraqi people. The brigade is writing statements of work, soliciting bids, and contracting major infrastructure projects to the tune of \$62 million.
